***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Toriumi (6,062,868).

Toriumi discloses an apparatus and method for transmission and reception of music data as well as image data, wherein the music data includes melody data as seen in figure 1. Music data and image data are transmitted to a server (33 and 32 respectively) wherein the server includes a receiver for receiving the data. The server imparts additional data into the music data as well as the video data as discussed in column 5, lines 1-40. The additional data is a parameter. New content data is created by the additional data, wherein the addition provides a conversion. Figures 1-3 provide views of the apparatus and operation.

***Response to Arguments***

3. Applicant's arguments filed 05/19/2003 have been fully considered but they are not persuasive.

It is believed that Toriumi reads on the claimed limitations. As claimed, Toriumi discloses each element and function, wherein a melody is transmitted to a server, the server adds additional data and transmit the created data. Applicant's arguments are

not persuasive. The prior art has been carefully reviewed in relationship to the claimed limitations. It is still believed that the broad limitations are met by the prior art applied above.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
